

CALLING ALL EDUCATORS!

NOVA
UKRAINE

Volunteer online as an English conversation partner and support English teachers in Ukraine!

As a volunteer in the ENGIN for Educators program, you'll connect with your assigned Ukrainian teacher for weekly one-on-one video chats at a time that works best for you. You'll share experiences, exchange cross-cultural education insights, and help your partner improve their English fluency, all without leaving home. We provide training, session plans, and support for a seamless volunteer experience.

And the best part? In just 1 hour a week, you'll make an impact not only for your Ukrainian educator, but for the hundreds of students she'll work with throughout her career.

Volunteer Requirements

- 1 English fluency
- 2 Professional experience in education
- 3 Proficiency with video chat platforms (Zoom/Google Meet)
- 4 Age 21+
- 5 Minimum commitment: 6 months

HOW TO GET STARTED:

Register as a volunteer at app.enginprogram.org and start filling out the application form.

When you reach the question "What program are you applying for?", select **ENGIN for Educators Subprogram** from the options.

To secure your spot in the subprogram, please complete all 5 onboarding steps **by February 28th**.

HAVE QUESTIONS?

The ENGIN4EDU team is here to support you! Varvara, our dedicated Program Manager, is happy to assist you. Feel free to reach out with any inquiries at engin4edu@enginprogram.org.
