

Level up your English with ENgin Communities!

WHAT IS IT?

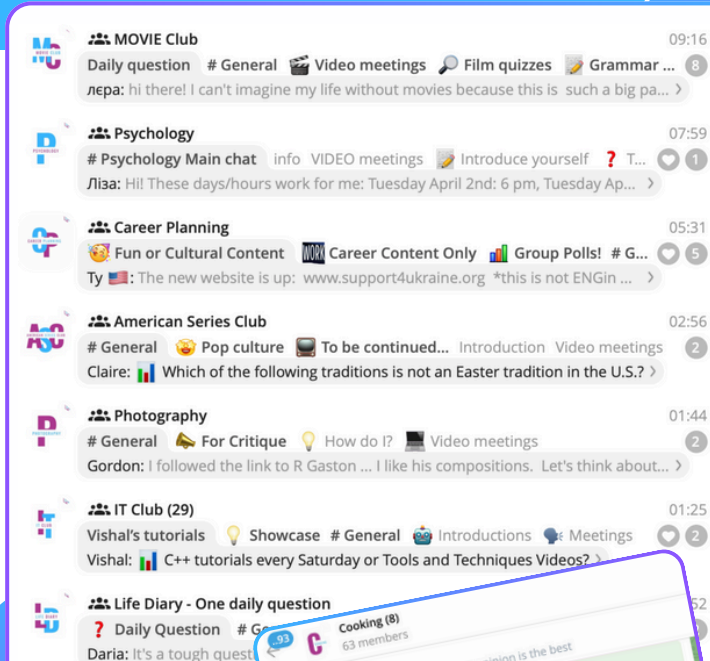

ENgin Communities are themed Telegram chats, a safe space for ENgin Students to share thoughts, ideas and everything on topics you are really interested in - and keep practicing English outside of your sessions!

Community discussions can expose you to a wide range of topics and perspectives, enriching your vocabulary and cultural understanding. Engage in discussions varying from Movie Club to Language Study and American Series Club. Chat about anything you like in English! Movies, music, hobbies, books, photographs, and many more.

WHY TO JOIN?

- Practice texting in English - anytime, on your own schedule, in an informal way with a circle of like-minded people
- Practice speaking during 1-2 private community events held by community moderator each month
- Make friends with similar interests all around Ukraine and beyond
- Be heard, listened and appreciated!
- Share your goals and achievements and get feedback and advice from other participants and community moderator

While students can join one community at a time, ENgin encourages exploration! Switch communities whenever you're ready to discover new interests.

HOW TO APPLY?
